able to express themselves in English although one they carried "Refugees need help they don't need to religious beliefs". Instead of helping the Syrian refugee could mix with Canadians, the government is dealing to mentally remain in Syria (*which, however, in many if, as is the case for many unattached young men, the due course*). But compare that to the case of the yo helped flee for their lives from Balochistan (*likely the province to live in*); when they came here in 2015 (John Syrians) neither the man, Lateef Johar, nor the word of English. Now Lateef speaks English fluently education at night school, & plans to attend York addressed a community event in flawless English. The 'uncle', having set three ground rules for them : No listen to the CBC morning news & to light rock newspaper. My approach worked & the government's

*As a one-time immigrant myself, I couldn't agree more; if integrating into **our** culture, they should feel free to go back third, for them more congenial, country.*
